SPECIALIST TRAINING

Our specialist training is conducted in the Czech Republic as UK law prevents firearms training. Our training centres are based in rural countryside, providing all year round facilities for all weather conditions to prepare individuals in a practical environment. The training is instructed by ex-police and military personnel who have many years' experience in law enforcement and specialist operations.

We provide safe professional training to beginners, or those with some experience hoping to raise their standards.

BASIC FIREARMS COURSE	2 DAYS	<p>A basic introduction to handling firearms. You will shoot at fixed targets and drop down targets using different guns from various distances.</p> <p>Price includes 2 nights' accommodation with breakfast, transfers to and from the airport in the Czech Republic, and all ammunition. Flights are not included in price.</p>	£ 660.00
ADVANCED FIREARMS TRAINING	3 DAYS	<p>Shooting on command from one to two handed shooting. Numerous stance and techniques will be introduced including: kneeling, sitting, walking backwards, forwards, and sideways. Rapid shooting skills are developed by quick reloading and magazine changing whilst moving towards targets. The course also includes problem solving, ie</p> <p>Price includes 3 nights' accommodation with breakfast, transfers to and from the airport in the Czech Republic, and all ammunition. Flights are not included in price.</p>	£ 900.00
TACTICAL TRAINING	5 DAYS	<p>Price includes 5 nights' accommodation with breakfast, transfers to and from the airport in the Czech Republic, and all ammunition. Flights are not included in price.</p>	£ 1,380.00
ISRAELI TRAINING COURSES	6 DAYS	<p>This is an extremely physically challenging course which including numerous shooting skills under pressure. Shooting on command whilst walking forwards, backwards, sideways and crawling. Problem solving i.e. gun jams, armed building entry & building searches. The training is across rough and rugged ground. Various obstacles will need to be encountered and the crossing of rivers. The course also includes unarmed defence training in particular KRAV MAGA. This is a full contact and physical element of our training. All trainees must be at their physical peak as this is an intense course with possibility of injury from the intense levels of instruction and demands.</p>	TBC
